

AA

Product Brochure 2019

Welcome to the AA

The AA has looked after Britain's motorists for over 100 years and is a leading expert brand that is trusted and relied on by millions of customers every day.

The AA was formed in 1905 by a group of motoring enthusiasts in London. The official duties of the first AA patrols were to indicate dangers on the road and help motorists who had broken down. This attitude has set the foundations for the future, ensuring that motorists are central to its direction.

Wherever you're going, get there with AA Motoring Accessories. From kits which comply with various EU driving regulations to everyday motoring accessories such as car battery chargers and inflators, we've got everything needed to help you be on your way.

Driving in Europe

Be prepared – plan ahead

It's not just sensible to have the right kit when you're driving - in much of Europe it's also the law. To avoid on-the-spot fines when driving in popular European destinations, make sure you have all the recommended or compulsory equipment. Here is our handy chart to help decide what is required.

	Belgium	France	Germany	Netherlands	Poland
Warning Triangle	Y	Y	Recommended	Recommended	Y
High Visibility Vest	Y	Y	Recommended		Recommended
Beam Converters	Y	Y	Y	Y	Y
GB Plate	Y	Y	Y	Y	Y
Breathalyser Pack		Y			
Fire Extinguisher	Recommended				Y
First Aid Kit	Recommended		Recommended		Recommended
Bulb Kit		Recommended	Recommended		Recommended

Car Kits

Euro Travel Kit

The compulsory kit for driving in Europe with essential accessories to meet all regulations.

Contains:

- » Warning triangle
- » Beam converters
- » Adhesive GB badge (legal if your number plate doesn't display GB sign)
- » Adults' high visibility vest (EN 471 approved)
- » Universal bulb kit
- » European drivers handbook
- » M20 and Kent map
- » First aid kit
- » Zipped canvas bag

AA6318 5060114616318

Emergency Breakdown Kit

This comprehensive kit comes with a range of handy essentials to help you deal with breakdown and emergency situations including a high-visibility jacket, warning triangle, tow rope and booster cables. The kit also includes the AA foot pump which is compact and convenient to store in your car to maintain tyre pressure.

Contains:

- » Warning triangle
- » Tow rope
- » LED torch
- » Booster cables
- » Footpump
- » Safety gloves
- » Zipped canvas bag

AA0651 5060114610651

Car Kits

Breakdown and Safety Kit Plus

This Breakdown and Safety Kit from the experts at the AA includes essential motoring products so that you are fully prepared in the case of any unexpected events on the road.

The kit also includes the AA Tyre Inflator which can even be used to pump up camping beds, bicycle tyres or other inflatables.

All of the items can be neatly stored in the boot of your car, or carried around, using the handy canvas carry bag.

Contains:

- » Hazard warning triangle
- » Adults' high visibility vest (EN 471 approved)
- » 2 Tonne tow rope
- » COB torch
- » Emergency car hammer
- » Booster cables
- » Tyre inflator
- » Zipped canvas bag

AA5618 **5060114615618**

Emergency Winter Car Kit

The AA Emergency Winter Car Kit is essential if you want to be prepared this winter.

The folding shovel is compact but strong enough to tackle thick snow with a pair of snow and ice grips, to ensure you remain safe in wintry conditions.

A hi-vis jacket ensures other motorists can see you and a handy torch to help you see and be seen on those cold dark nights. The foil blanket will help keep you warm should you need to wait for rescue. This kit also includes a rain poncho plus a set of fully insulated booster cables in case of emergencies.

Contains:

- » Folding snow shovel
- » LED torch
- » Emergency foil blanket
- » Adults' high visibility vest (EN 471 approved)
- » Booster cables
- » Snow and ice cleats
- » Rain poncho
- » Zipped canvas bag

AA5281 **5060114615281**

Car Kits

- » 1 x pair of scissors
- » 1 x adhesive tape (5m x 2.5cm)
- » 1 x contents list
- » 1 x first aid kit manual

AA0903 5060114610903

Maintenance

Battery Charger and Maintainer

The AA Battery Charger and Maintainer, used and approved by AA Patrols, is an intelligent and smart device suitable for most car batteries.

Ideal for situations where a top up-charge is needed and where you need the assurance that the charge level is accurate and safe to minimise any possible risk of battery damage.

The inbuilt microprocessor senses the condition of the battery and controls the regulator to provide the right current and voltage to suit the correct level of charging.

Functions include:

- » Intelligent in-built microprocessor
- » Easy-to-read LED display
- » Reverse polarity protection
- » Short circuit protection
- » Charger memory
- » Water and dust-resistant
- » Suitable for all types of 6v and 12v lead acid and gel batteries
- » Mains cable length: 2m
- » Charging cable length: 1.5m
- » 1 x pair of crocodile clamps with 1.0m lead
- » 1 x pair of eyelet connectors with 1.0m lead
- » Weight 725g
- » Insulation rating IP65

Technical Specifications

- » Output voltage: 6v or 12v
- » Current output: 1.0a- 1.2a DC (1.5a RMS)

Charge time (bulk charge up to 80%):

- » 20 AH battery = time to charge 20 hours
- » 50 AH battery = time to charge 50 hours
- » 100 AH battery = time to charge 100 hours

AA4956

5060114614956

Maintenance

Car Battery Solar Charger

The THINFILM technology allows a wider spectrum of natural light to be absorbed, meaning the unit can still generate electricity under low-light cloudy or winter conditions. This technology also enables the solar panel to handle the intense heat of the summer sun with little power loss due to the rising temperature.

The AA Car Battery Solar Charger is only suitable for use on petrol cars from 2001 onwards and diesel cars from 2004 onwards.

- » Ideal for vehicles that are only occasionally used, or are only used for short journeys
- » It extends battery life by keeping the battery in a good state of charge through a trickle charge, topping up a 12v battery
- » Easy to install by plugging directly into the EOBD socket
- » Flashing blue LED light to indicate charge
- » Built-in discharge protection and reverse polarity protection

AA4185

5060114614185

Tyre Inflator - Compact

- » Compact and light - ideal for travel
- » Flexible air hose
- » 3m power cord
- » PSI, BAR and KPA settings (Max pressure 80PSI)
- » 12v socket adaptor
- » Internal LED light
- » Easy to attach screw valve
- » Includes adaptors for inflatables, such as sports balls, air beds etc

AA5007 5060114615007

Digital Air Compressor

- » Quick and easy-to-use, with screw-stem fixing
- » Pre-set the pressure you need, the unit stops once it reaches the required pressure to stop over-inflation
- » Clear digital display with readings in PSI, KPA and BAR - (Max pressure 100PSI)
- » LED lamp for night time use, with settings for light, flash and SOS
- » Includes adaptors for inflatables, such as sports balls, air beds etc

AA5502 5060114615502

Maintenance
